Dearest Reader,

Having 'community' as part of our name is very intentional. Community = Connection. Belonging. Fellowship. And for us, philanthropy—love for humankind—go hand in hand with community and our commitment to serve for good, forever.

These powerful concepts shape our vitality and resiliency to see us through uncertain times. They define our sense of equity and duty to those who have less even during "normal" times.

Our Mission is to grow community giving. We achieve this through grantmaking, partnerships, and leadership. It is the power of our community that makes our mission possible. Our *2019 Report to the Community* is our opportunity to share what we have been able to accomplish with your support—as well as to offer our thanks.

Last year, our grantmaking set a new benchmark, channeling $1.2 million in grants and scholarships to the charities that serve our neighbors through education, nature, culture, and human service. It is these charities that weave and bind together the fabric of our community. You have helped make them stronger.

Our partners—our donors and supporters—fuel our philanthropic community. Last year, our endowment building and grantmaking work received more than $3.6 million in funding, an important milestone in our work to build resiliency.

Our leaders are the glue in our community. Hundreds of staff and volunteers joined in our year-long leadership programs to network, collaborate, learn, and advance their personal skills to the benefit of their organization and their respective missions.

These elements, working together, ensure that our community continues to be one of the best in which to grow up and grow old. That's the power of community.

During these extraordinary times as we face an unprecedented world pandemic, we remain profoundly grateful for your care and love of humankind in our Loudoun and Northern Fauquier community. Thank you for choosing your local Community Foundation as the means to express your support of your neighbors and your community.

AMY E. OWEN
President

Faces of Loudoun

Mental Illness *Should Not Be Allowed* to Take Our Teenagers

My life changed forever last year, when my 17-year-old son committed suicide.

William was a friendly, goofy, and popular kid who was diagnosed as bipolar and ADHD. We did everything our doctors advised us to do. By the time he left the hospital, we

No parent in Loudoun should have to face the horror of losing a child to suicide.

CREATING *a personal* LEGACY

This is About You

Your fund is a reflection of your values and philanthropy. From animal welfare, to human services and health, to youth and elderly, to specific charities you support, we can make it easy and rewarding. **Are you thinking about setting up a charity or foundation? Talk to us first.** We can help you understand the current nonprofit sector. And, we may serve as an excellent vehicle for your vision. We will work with you to answer the following questions to help determine when starting a Fund or Foundation with us is the right path.

Define Your Charitable and Financial Objectives

Consider how you want your gift to be used, whether you want future family members involved, and how much involvement you personally want in making grant recommendations.

Choose a Name For Your Fund

Many donors choose a family name, but you can use any name that is meaningful to you.

Determine Which Assets You Will Use to Create Your Fund

Gifts of cash, securities (publicly traded or closely held) or real estate can be accepted by the Community Foundation to set up a fund. Assets with a low-cost basis are often wise choices, since they offer maximum tax advantages: You pay no capital gains tax and receive a favorable income-tax deduction. You may also wish to review assets inside your retirement plan for possible charitable use. If you wish, we will work closely with your accountant and attorney to ensure your charitable wishes are clearly understood and applied.

Consider The Type of Fund That Matches Your Interests

Our staff will help you identify what type of fund fits your vision! It may help, though, to understand how broad and flexible we can be as a giving vehicle with our array of donor crafted funds.

Make Your Gift to the Community Foundation

While your gifts to establish a fund will be commingled with other Community Foundation assets for maximum investment benefits, income and appreciation are specifically tracked and tied to your fund, benefiting your fund for its growth and charitable grantmaking.

Make a Gift Through Your Will

Appropriate language to make sure your will meets legal and tax criteria is available. Just ask!

Acorn Fund

Many of our philanthropists start a new fund by creating an acorn fund, building to the endowed level of $10,000 over a 5-year period ($25,000 for scholarship funds). An initial gift of $2,000 ($5,000 for scholarship funds) or more is necessary to "seed" any of the funds below. And, many of our acorn funds build endowment while also granting funds immediately.

Field of Interest Fund

This type of fund allows you to target an issue of need, rather than a specific charity. Grants are made to organizations that meet a cause or specific need. You define the "area of interest," and grantmaking follows.

Donor Advised Fund

Donor advised funds closely mirror private family foundations, but they offer significant advantages. A donor advised fund allows you to enjoy ongoing, even day-to-day, involvement in the distribution of your gifts from your fund. You bring specific grant recommendations to the Community Foundation for consideration. Learn more on page 12.

Designated Fund

You may name a specific charity to benefit from your gift or numerous specific charities to receive an annual grant. Should a designated organization cease to exist, the Community Foundation has the responsibility and authority to reallocate grants to another agency that most closely reflects your original vision.

Agency Fund

Charities often wish to create long-term endowments to benefit their mission and purpose. The Community Foundation provides an excellent vehicle to ensure endowment gifts are carefully and diversely invested and managed.

Scholarship Fund

You may choose to dedicate a fund's purpose entirely to helping students study and advance their education. The Community Foundation works with community volunteers to interview students and make award recommendations or we can work with you to form your own Board-approved selection committee.

Giving Circle Fund

Many of our funds are created by a collective vision of multiple donors, who each tithe into a "giving circle," and then, together, make grant recommendations. Giving circles are a fantastic way to learn more about your local community and its charities and increase impact as each grant is amplified in size.

General Fund

A gift to establish a general or unrestricted fund helps meet the changing needs of your community, now and in the future. General funds broadly support the wellbeing and vitality of our community.

When you establish a general fund, you leave decisions about the use of your gift to the Community Foundation, trusting the Community Foundation's knowledge and reach to determine what needs are most pressing.

Shell Fund—Planned Giving

The Community Foundation is available to work with you and your financial advisors to set up what we call a "shell agreement." A shell agreement is a nonbinding agreement that specifies how your planned gift shall be used once it is irrevocably received through your will or other planned-gift instrument.

In the shell agreement, you name your fund, outline your charitable vision, and decide whether donor advisors or the Community Foundation Board of Directors will recommend future grants. Gifts received from your planned gift will be placed into your fund exactly as you have named and designed it. We handle all future administrative details. When you create a planned gift using a shell agreement, revisions are easy, quick, and free. Just get in touch with us.

Corporate Advised Funds

Corporations often are overwhelmed with requests for charitable gifts. Many corporations across America look to their local Community Foundation for a simplified, focused giving program, administered by Community Foundation staff. A corporation can establish a corporate advised fund applying personalized guidelines for grantmaking. Or, it may elect to give the Community Foundation full discretion over disbursements.

Transferring a Private Foundation or Trust Fund

A private foundation can be a great vehicle for charitable giving, but sometimes the process of managing the foundation's legal affairs can diminish the joy of giving or become a burden to maintain. Existing private foundations or charitable trust funds can be easily rolled over to a named endowment fund within the Community Foundation, greatly reducing administrative overhead, while maintaining key elements of donor involvement and long-term, legacy vision. The disadvantages of private foundations or trusts—excise fees, administrative fees, lesser tax benefits, and due diligence administration—cause many to seek a more flexible alternative through the Community Foundation.

Grantmaking

the WORK we do

Here's How We Grow Community Giving

More than just grantmakers, our call to action is to build partnerships that help build the strength and quality of life in our community. We take on leadership challenges that help to make our community unique, special, and treasured. We thank our corporate supporters and community investors that support our work and many programs.

Give Choose

Since its debut in 2014, it has generated more than $1.8 million in on-line gifts for local charities. Watch for it each year the first Tuesday in May at GiveChoose.org. Dozens of charities from all categories complete a local catalogue of our community's most active social service sector.

Social Impact Institute

When you invest in the skills, capacity, and competency of staff, the organization benefits. That's the vision of the Community Foundation's Social Impact Institute offering personalized training for local nonprofit executives. In 2019, we offered Executive Coaching to six nonprofit leaders, as well hosted a monthly Board Chairs' Roundtable, and a deep-dive workshop on Grantwriting and Grantor Research. Lastly, we launched a Strategic Planning Consortium, providing four nonprofits with Consultant led planning efforts to bolster their roadmap to the future.

Forward Turn

Funded by our endowment fund, S. Murray and Mary H.C. Rust Student Philanthropy Project, participants from the Loudoun County Youth Advisory Council join Forward Turn for this annual program empowering youth to be community grantmakers. Students read proposals, interview grantee applicants, and make tough grants decisions.

Philanthropy Summit

Convening our community around needs and solutions brings together grantmakers, philanthropists, government, nonprofit organizations, and businesses. Wells Fargo helped the Community Foundation celebrate its 20th anniversary in 2019 by honoring three nonprofits achieving significant internal and operational strides: INMED Partnership for Children, Loudoun Hunger Relief, and Crossroads Jobs represented here by staff and board leaders.

Profiles of Loudoun

Published to help our community understand the data behind the Faces of Loudoun community service campaign, this report provided a meta-analysis of economic factors that influence our community's charitable giving, health needs, homelessness, housing, and vulnerable populations.

Platinum Challenge

As part of our 20th anniversary celebration and with support from Google, we offered five local nonprofits the opportunity to build a permanent endowment fund within the Community Foundation. Three have reached that goal and are included in this annual report.
